BARCELONA INDUSTRY WEEK 2017

Discover. Digital. Disruption.

Robotics, moulds and dies, plastics and new materials will be on display together with Additive Manufacturing at the third IN(3D)USTRY From Needs to Solutions.

The purpose of the event is to promote the use of this technology throughout the industry and, for this reason, this year's event incorporates new sectors as potential future users of additive manufacturing.

BARCELONA INDUSTRY Week

16-18 OCTUBRE 2018 - RECINTOS DE MONTJUÏC Y GRAN VÍA

UNA CIUDAD, TRES GRANDES EVENTOS SIMULTÁNEOS

Tecnología, innovación, ciencia y sostenibilidad son los puntos clave para entender la transformación de la industria a nivel global. Una transformación que afecta a todos los sectores y que tiene un impacto directo en nuestras vidas: **la 4ª Revolución Industrial**.

En Fira de Barcelona se darán cita todos estos sectores durante tres días, con la celebración conjunta de tres grandes eventos: **HEALTHIO, IN(3D)USTRY From Needs to Solutions** e **IOT Solutions World Congress**, con el objetivo de tener una visión global de lo que está por llegar.
